The Arizona Corporation Commission-1200 West Washington Street, Phoenix,
Arizona 85007

Docket Number: E-01345A-16-0036 + E-01345A-16-0123

Dear Honorable Commissioners:

Vote NO to unnecessary increases to our monthly bills!!!

The Arizona Public Services has yet to show a reason why small business owners, like myself, should be required to pay more for monthly service. Therefore, I am asking you to vote against any rate or other increases they are seeking.

While as a business owner I strive to have my company operate efficiently, the request by APS seems to indicate they would rather pass costs onto customers than tighten their own belt. It is time that we see the hard work of being mindful of our usage showing up in a reduction in our costs not an increase.

I am trusting you to vote for what is best for us as Arizonans. Say no to increasing monthly costs which are not able to be reduced even when we reduce our consumption.

Respectfully yours,
